

JUNIOR DIGITAL PRESS OPERATOR (KONICA MINOLTA SPECIALIST)

Location: Cape Town (Atlas Gardens)

The Role: Digital Production Specialist

24hrMedia is a premier Cape Town production house known for high-volume, high-quality output. We house some of the best digital print technology in the industry, and we are looking for a Junior Digital Press Operator to join our small-format department.

This is a fantastic opportunity for a technically minded individual to take hands-on responsibility for our Konica Minolta machine. If you have an eye for detail and want to work in an environment with massive in-house capacity and a reputation for excellence, this is the role for you.

Key Responsibilities:

- Press Operation: Setup and run high-quality print jobs on our Konica Minolta digital press.
- Stock Management: Selecting and loading the correct substrates (paper, board, and specialty stocks) and ensuring machine settings are perfectly calibrated for each run.
- Quality Assurance: Monitoring the "live" output to ensure colour consistency, sharpness, and perfect registration.
- Maintenance: Performing basic operator-level maintenance and troubleshooting to keep our production lines running smoothly.
- Production Flow: Coordinating with the finishing department to ensure printed work is moved efficiently through to the next stage of production.

Requirements (The Essentials):

- Relevant Experience: 1–2 years of hands-on experience operating Digital Production Presses. Experience specifically with Konica Minolta technology is a distinct advantage.
- Technical Mindset: An understanding of paper weights (GSM), grain direction, and basic digital file handling.
- The "Quality" Eye: You must be able to spot a hickey or a colour shift from across the room—quality is our priority.
- Reliability: We need someone punctual and disciplined who takes pride in maintaining a clean and efficient workspace.
- Communication: Clear verbal and written English.

How to Apply:

Ready to take your digital print experience to the next level? Please submit:

1. Your CV.
2. Details of the specific machinery you have worked on.

Apply via email to: info@24media.co.za | Subject Line: Junior Digital Press Operator – [Your Name]
