

## PRINT OPERATOR (PRODUCTION & MACHINE SPECIALIST)

**Location:** Cape Town (Atlas Gardens)

**The Role:** Hands-On Production Specialist

24hrMedia is a high-capacity production house in Cape Town, specialising in custom packaging, large-format signage, and high-end digital print. We are looking for a dedicated and experienced Print Operator to join our production team.

You will be responsible for running various print machines, ensuring that every job is produced to the highest standard. You don't need to be a designer; you need to be a machine master who understands substrates, ink, and the mechanics of a busy production floor.

### Key Responsibilities:

- **Machine Operation:** Setup, load, and run our digital and large-format printing equipment.
- **Substrate Knowledge:** Identifying and loading the correct materials (vinyl, PVC, paper, specialty boards) for each specific job.
- **Colour & Quality Control:** Constantly monitoring the print run for colour accuracy, registration, and any physical defects (banding, head-strikes, or hickeys).
- **Machine Maintenance:** Performing daily cleaning and routine maintenance to ensure the equipment stays in peak condition.
- **Efficiency:** Managing your workflow to hit production deadlines and ensuring minimal material wastage.

### Requirements (The Essentials):

- **Experience:** Minimum 3+ years of experience as a Print Operator in a professional print or signage environment.
- **Technical Skill:** Deep familiarity with operating large-format or digital production machinery.
- **Material Savvy:** You know how different materials react to heat and ink, and you know how to handle them without damage.
- **Reliability:** You are punctual, disciplined, and take pride in a clean, organised workspace.
- **Physical Stamina:** This is an active role on the factory floor. You must be able to stand for your shift and lift/move material rolls and paper boxes.
- **Communication:** Clear verbal English.

### How to Apply:

If you are a specialist who takes pride in every print that comes off the machine, please submit:

1. Your CV.
2. A list of the specific machines you have experience operating.

Apply via email to: [info@24media.co.za](mailto:info@24media.co.za) | Subject Line: Print Operator Application – [Your Name]
